

MONTGOMERY ISLAND HUNTING CLUB
FALL HUNTING REGULATIONS 2011-2012

On 09/14/2011, a joint session of the Wildlife Committee and Board of Directors was held to discuss the establishment deer hunting regulations for the upcoming season. As a direct result of the negative impact the spring flood had on the deer herd, the regulations have been dramatically changed from previous years. The following deer season dates and specifications were presented by the Wildlife Committee to the Board for approval. The Board met on 09/20/11 and unanimously ratified the Wildlife Committee's recommendation.

The 2011-2012 Fall Deer hunting regulations are as follow:

- Archery, Muzzleloader and Modern Gun seasons will be as specified by the AGFC for Zone 17.
- A maximum of 15 does total for all season. The target age for does is 3 ½ years and older. Please refrain from shooting any age doe with fawns.
- Only 8 point bucks that are a minimum of 3 ½ years old can be harvested and must meet 2 of the 3 following characteristics.
 - Minimum 21 main beam
 - Minimum 17 inch spread
 - Minimum 4 inch base circumference
- No harvesting of Trophy bucks. If a buck is harvested that does not meet the buck criteria defined above, it will be counted as the membership Trophy buck for the 2012-2013 season.
- Pictures including the member and jaw bones are required for ALL deer. The Trophy Buck information sheet is required to be completed on all bucks and complete data sheet information completed on all deer.
- The board reserves the right to reassess the deer harvest plan after receiving observation reports from the bow hunters.
